During November and December we have the pleasure of showing some twenty bronze sculptures by C G Ekberg in the French Dining Room. The exhibition is in line with our efforts to combine good cooking artistry with a tasteful environment for its enjoyment.

C G Ekberg debut was 1995 at Galerie S:t Nikolaus in Stockholm and has shown his bronzes at a number of exhibitions in different companies in Sweden.

For further information of the different objects as well as prices, you are welcome to contact the hotel reception or the staff in our restaurant.

For contacts with the sculptor, see the last page.

We hope you are enjoying your visit to our artistic restaurant and ask you welcome back again.
